[Part 2 of 7]

THE ELITE OF SATAN Within our System numerous powerful demons have been identified including Legion, Dameon, and Moriah, Gerberus, Hydra, Mediga, Bullata, Italia, Estavada, and Mendella to name a few. Our deprogrammers knew how to access these Spirits, lock them in place and then cast them out. These spirits are part of the most ultra-secret part of the Monarch programming which is called Gamma Programming. This shows the Satanic demons which are placed into people. The reason programming is finished with sex is to implant demons to secure and protect the programming. Demonology plays an integral part of all of the programming. The Multiple Personality Disorder is kept in place with the Omega programming, which in turn is kept in place with the Gamma (demonology) programming. The programmers took into account that people would try to do deliverances and the various Monarch survivors we know had systems built that protected them from simple deliverances or exorcisms. Most Exorcists would do more damage than good due to their lack of understanding if they got ahold of a system like ours. Several times we barely survived the well-intentioned prayers to free us of demons by the

ignorant yet well-meaning. Our recent Master got extremely angry when he learned that we were getting delivered of the major demons, because he fully understood the Gamma Programming's importance and role. In the picture, the Greek watchdog demon Gerberus is assigned to torment our system. Gerberus has a human body, serpent hair, cloven hooves, and a trident to mock the triune God. The System is designed to be part of the Anti-Christ's elite imperial guard for the enthronement of the Anti-Christ in 2000. Within the system, there are seven levels of hell, and the programming makes various alters burn in the chest (area of the heart) to show them that they are part of hell. In our System we had Legion, Dameon, and Moriah repeatedly show themselves. Moriah is the Spirit behind the eye. These demonic forces are often portrayed as claws within the System's art work. Their presence also feels like claws at times. Within our System, demons are assigned to guard the mirrors. Thirteen big demons protect the House of David and the All-Seeing Eye. Twenty-six big daddy demons were assigned each a legion of demons to protect each level. Of the ten quadrants that were initially deprogrammed out of the System, six were entirely demonic quadrants. A demonic-protected Temple of Moloch held the memories of child sacrifices. It was those child sacrifices which the System was forced to do, which were used to hold the System in spiritual bondage. Spirits of death repeatedly overtook the System like a grey fog. Spirits of Fear repeatedly terrified the System. But the demonic spiritual problem was far greater than just a simple Spirit of Fear, it was an immense System of Spirits designed to terrorize a person. They also kept the memories and programs intact. Silver cords were used to connect the System to others. The System was spiritually bonded to the other Delta members, and to four programmers. The spirit quadrants contained wizard's castles, and kings, queens and grandfather castles. Alter

shadows carry eggs with imps inside which emit vapors into the system to pull demons into action. The dwarfs, the programmers, Thor, and a number of other figures in the System turned out to be demons rather than alters when the System was deprogrammed. It may be of interest to some to note the reptilian nature of demonic spirits. Note how they looked to us in our picture. Spirits took on any disguise they wanted to in the System, but their actual form as we have experienced it and have heard others speak about them is that they are reptilian. In the picture, we also see a representation of hell. The System (the girl) was forced to give themselves to Satan. Then the dark side was shown what hell was like, and then told that if they did not obey, they would find themselves in hell. Not only did our internal world have black holes for alters to fall into and to be clawed at, but the System lived in fear of eternal hell. The eagle which has represented the Satan's secret occult elite for centuries is included in the picture. All this elitism and demonology is for the enthronement of the Antichrist in the year 2000, which is why the number 2000 mysteriously appears. The Mothers of Darkness are being prepared worldwide to serve as brides for the Antichrist when he reigns. They will serve as a type of elite group. When the Antichrist reigns there will be more scenes like the one portrayed, for there will be nothing to stop the death and torment that is planned. Everything of value to good people is to be robbed, killed or destroyed. Evil will be exalted. The sea shells to the ear, were our programming to be silent. The girl is being programmed to keep all this secret. The Gamma Programming still remains the most secret part of the Monarch programming, and it is also the deadliest part.

THE CONTROLS This picture is extremely revealing about the control mechanisms. In it is the life force which is able to regenerate a system, the jokers who protected the

programming, and you have the alpha-numeric codes, the cards, and dominoes (represented by a dice) that formed the access codes to parts of the System. In the background is a Luciferian blue light. This Satanic light empowered the Joker. It along with the Joker and the internal programmers gave our System the ability to regenerate itself. We were able to shut down internal computers which ran the programming to the levels of the System using the same codes that the original programmers used to create the System, but until we took care of the 13 Jokers and the faceless white-coated

Programmers who controlled the Omega Programming, the backup computers regenerated the programming we were taking out. The Jokers had a Luciferian form. Luciferian is the term that our programmers used. This means that it was spirit. Because the Jokers were Spirit, they could take any form they needed to and they could do what they wanted to do, until we bound and cast them out with the rest of their hierarchy of demons. The Jokers would pop up when we would try to study the codes, and the programming that directed our lives. The System was a computer system. It functioned with a series of computers that connected to the master computer which was sunk into our mind at the lowest hypnotic level, which was even below our internal hell pit. To access the different computers, combinations of cards were used for the codes. Various parts of our system correspond to what any computer would have. A microprocessor register has three sections on a computer to make it functional. In our System, you would find these three represented [as follows] by, one, stored data in the library and alters with photographic memories, two, an instruction section with codes, and, three, stacking mechanisms. Each computer also had its own power source, which were like light bulbs and simply screwed in and out like a light bulb. Linked to all this were a crystal, clock, hour glasses, a compass and

the entire demonic command structure. The eye in front of the big computer was protected by legions of spirits. The front computer ran front quadrants and the back computer ran quadrants five through eight. The software so to speak for the Omega programming included for us a stacking program called the Potter's Wheel. The Potter's Wheel is a misuse of the Bible, and is a type of programming that the Charismatic and Pentecostal movement carries out. The Mormons and the Catholics have their own distinctive "software" programs. An initial stacking mechanism would work by telling alters to "Stand in Order according to rank and serial number". Another code along with a hand signal would place the Gatekeeper alters up on the potter's wheel for their "creator" to work on them. Another group of alters went up on their potter's wheel by seeing a pattern of dominoes. The dominoes were used for coding, but they also had the programming feature of being able to tie us together so that if the System was tampered with out of sequence, a domino effect would take place. This domino effect was for one program to set off another program to set off another program. Soon the Monarch slave's mind is trying to deal with dozens of suicide programs running simultaneously, along with perhaps other programs such as scrambling programs. The two vagabonds in the bottom represent the message that we were given that without the Master's guidance there was no place for us in the world. With our situation being so complicated this seemed to be the situation.

CHINA LAKE AND THE CHIMPS Our System wanted to tell their early history with this picture. Notice the one-half hidden the word "history". Our frames of reference on life were molded by Monarch programmers. This picture is about that programming process. First, the programming we received is a spiritually (demonically) based programming. The lizard and the color green (which is THE

highest Satanic color) represent how the programming was demonically empowered. Many of the actions of our programmers while they were programming us were done with the idea of building super powerful demonic run engines to drive us. Some of the elements of this picture reflect the spiritual side of what they did to us. In the lower right are Voodoo dolls with torture lights. In the top is a half-hidden apple which was part of a ceremony in which we ate poison, then reportedly died and were resurrected to be given to Satan. Our names were written on the scrolls you see in the picture. The red steps are the steps of hell fire indoctrination we went through. The picture also shows that we were the Seed of Satan. They made us Satan's seed, but we now belong to Christ who repeatedly saved our System from death. Our System was programmed at various geographic locations. One of the primary ones was at (Inyokern) China Lake Naval Facility. We were flown in, and one of our programmers used a poker chip at a country store and the code "uncle" to get us into a secret area. The Intelligence agencies used Inyokern and other military installations to carry out their trauma-based mind control. However, one must realize that these Intelligence agencies were used like whores by the Illuminati. The C I A was involved in our programming, but we were created to be slaves for our master and the Illuminati. If you do not realize that generational Satanism is interested in the dark side of spirituality, i.e., demonology, then you will not understand many of the things which were done to us. Everything was done with an ulterior motive of strengthening the magical generational demonic control over us. They were spiritually empowering us. The picture's white rabbit represents our master, and the blue butterfly is our Monarch programming. Alters were tortured into becoming monkeys. See the monkey in the cage. That was us. As a child, we were caged and abused by trained monkeys (chimps). One was trained to beat us, one to

sexually rape us, and another one to feed us. We suffered through the role reversal where the chimps were our caretakers and we were treated like animals. During this period, we were suspended from the ceiling in cages. This was a step in us being Moon Children. Certain alters came into existence in a caged environment which led them to believe they were not human. The picture shows that the monkey's left hand is still a little girl's hand. Another group of alters were created as white kittens. Our System also had bird alters. How does one recover when part of one's mind are butterflies and monkeys and kittens? The psychological damage is overwhelming. We didn't want to be a little girl in the cages, because little girls had pain from torture and traumas. The unique-looking chair represents thousands of child alters in our System who are hiding. Programming elements are spread throughout the picture. Doctor Mengele, who was called by us Doctor Green, David, and Fairchild, built black boxes into our mind. Opening a box was like opening Pandora's box, because demonic guardians were locked up in boxes to protect memories. Memories were "nested" (to use a C I A term) in these boxes. We received shells as no-talk programming. The left-hand corner has jewels. Our programming was called "Jewells" [sic], and the demons called Dwarfs (from the Snow White story) "mined" and protected these programs for us. The picture shows the powerful silver cord that was built to spiritually connect us. The piano was used to program us, and the violin represents the fiddler. Fiddler was a powerful cue word taking us into Never Never Land. The book represents the scripts we were given. Stories were read to us by our Illuminati Grande Mother and we used those to creatively make our internal world. The bubbles are the separation of the self into molecules. This is an element of confusion built into our System's mind. The confusion of disassociation, with sleeper alters popping up and the "See no evil, hear

no evil, do no evil” message repeating itself helped ensure that our denial of what had happened to us was maintained by the mind. Sometimes a water jar program would run where the mind felt like it was bubbles being shaken in ajar. This went off for us along with cutting, hanging, overdosing and other suicide programs. The normal looking woman just left of center and the mother at the top are also part of us. In spite of all the dehumanization, in spite of all the demonic witchcraft performed on us even while we were still in vitro, in spite of all of this hell, we still functioned in the world as a lady and a mother who had babies. In fact, our front alters functioned so good, many people still refuse to believe anything terrible like this could have happened to us. But notice that the mother is still trapped. The alters who mothered our children were front alters and even they were still trapped by the programming. They paid a price to try to free the System.

PROGRAMMERS (THE VOODOO DOCTORS OF THE C I A’S MIND CONTROL) The expression is that behind every successful man there is a woman. Today, that expression can be broadened. Behind every successful Monarch slave there is a programmer. In every bar, every jail, and on every street corner the common man knows that what goes around comes around. There is even an expression in the Word of God that says what a man sows that shall he also reap. There is some humor in all of this programming somewhere. Maybe it got buried in the graveyards. Maybe in its in Disneyland when they do occult rituals during after-hours along with programming. Most of us Americans don’t want to admit it, but we do have personal fears. We mask them with bravado and by a lot of smiles. Somewhere deep in the guts of almost all Americans is the sense that something went wrong. We seemed to have had the right recipe for success in this country, but the stew tastes like something a wild “African” Voodoo doctor might cook up to

scare his enemy. But then what would Americans do if they got their country back from the New World Order gang? Who would we give the country to? After all, we almost have to cooperate with the New World Order because their people sit on all those corporation boards that are interlocked and working together. What would we do without all our major corporations? Maybe these sadistic old men that run this country aren't so bad, after all they supply us peons with our fast foods, our nice groceries, our transportation, our entertainment and our politicians. To think that some of our busiest corporate leaders and military men would take the time out of their busy schedule to help program children. The news media kept quoting our political leaders calling for a gentler America, and we probably do need a gentler America, but when you bump into a child who was programmed by George Bush's C I A, the same C I A Bill Clinton worked for, it makes you wonder. No wonder we don't seem to be making any headway on creating a gentler nation. Life was so uncomplicated for Americans in World War Two. The Nazis were in Germany, and they were our enemies. Then our leaders brought people like Doctor Mengele, the angel of death, over here to secretly program our children and things got complicated. The bad guys are apparently not so easy to identify as the American public thought. Unless he is like Michael Aquino or Anton LaVey or Rex Church the leading Satanists are hard to identify. These generational Illuminati families don't flaunt their dark powers. What makes them so dangerous is that they look like you and me. Thanks, Dad, for enriching our life with all that Fairy Tale programming. And thanks for saving us in all those manufactured crises that you all cooked up when you programmed us. Thanks to all the ridicule we endured while being programmed, we were spared that common American ritual of being addicted to sitcoms. Thanks to the programmers' raw sense of perverted humor, we don't

enjoy watching people be made fun of. Those large doses of programming that we got were not very enlightening Dad, they tended to get us very confused. In fact, it seems like there are a lot of confused people in Satanism. It seems like there are a few things Satanists don't count on, like the love of God. Boy, it sure threw our programmed destiny out the window. It was revealed to us that God spared our life 888 times before He saw us through the deprogramming. How do you have a balanced view of life, Dad, when the power of God is stronger than evil? I thought good deeds were to balance evil deeds? It looks like your plans ended in a mess. Your masterpiece failed. It found that there is something better than being an abused mind-controlled slave. You were wrong about something Dad, there are people in the real world who can love us and understand us. But then I'm sure that you're finding out that hell isn't so great a place as you said it would be. I guess we all have to learn to live with disappointment. It's too bad the man who was assigned to access us had to wait so long hiding behind trees across from our house. It's too bad the C I A's programmer, Ed (Dad's protege), had his plans messed up when we didn't let him into our house readily. Be that the best laid plans for men go astray, even when they think they are gods? If it's one thing that we've learned, it's that evil pays in counterfeit rewards. If one programmer wasn't bad enough, having two major competing programmers, and at least four other programmers, makes one a believer that more isn't always better. I'm sorry gentlemen, but I just have to tell it the way it is.

HEARTS OF STONE The programmers left no stone unturned as they stripped all of us alters of any vestiges of humanity we might have. They made us believe that they had surgically removed our hearts and replaced them with a stone. To reinforce this programming we were hypnotized to fall into a deep trance if we were ever hooked up to

anything monitoring the heart. When someone tried to prove we had a heart by taking our pulse, we tranced deep enough that the machine didn't even read. This is how programming kept their lies safe from exposure. They took our hearts for a number of reasons. One was blackmail. They promised to give us our hearts, if we obeyed, went home to the cult, and were available when the Anti-Christ needed us. It is doubtful we would have ever gotten our hearts back by the cult considering all the false promises we were made. They gave our hearts to a queen mother alter for safekeeping. Our hearts were hidden in the Temple of Molech. The Temple of Molech was used as a depository for memories of child sacrifices. It was not a place any alter could or would want to go in the internal world. In return, they gave us stones, yes, hearts of stone. Stone-like protectors stand guard in the background. Their voodoo doll appearance reflects the voodoo that was linked to our System. What a joy it was to get our original hearts back when we deprogrammed. We asked people to listen to our new heartbeats. By removing our hearts, they removed any chance that we would have a soft warm spot in our heart for anyone. We were told we were incapable of having friends or of loving others. This was effective in separating us from others. That isolation was a part of the mind control. Because we had no life source within ourselves, that is, no heart, we had to look to our master. If our master placed his hand upon our chest, we would feel alive. Because people need a heart to feel, we were programmed to believe that we were incapable of feeling and had no feelings. We could not cry during our own suffering, and we did not feel capable of caring for the suffering of others. In spite of all the brutality and isolation of the programming, our humanity still lay in the background, and we accessed it to secretly help others escape the power of the Illuminati's programming. When people ask us to give our hearts to Jesus, we told them we

didn't have one. When we got our own hearts back, we gave them to Jesus. The black stone was used in the Mothers of Darkness vows. The book of Revelation speaks about a white stone with a name written on it. Our Mothers of Darkness alters got a black stone with their assigned Queen goddess names written on them. In all covenants, something is given to the cult. Our hearts were given to the satanic Master. There is a Keeper of the Seals who keeps the items given when a vow or covenant is made. If a person is a traitor to a vow, then the cult has an object to carry out voodoo or magic upon to punish the person. Those who have been on the inside of Satanism know that the type of oaths taken by occult lodges and satanic cults are enforced. The oaths describe the type of traitor's death that is to be carried out. An example of the types of penalty these oaths carry can be seen in the following words, "All this I most solemnly and sincerely promise and swear with a firm steadfast resolution, to keep and perform the same without any equivocation, mental reservation or secret evasion of mind whatever, binding myself under no less penalty than that of having my throat cut across, my tongue torn open, my heart plucked out my body severed in twain, my bowels taken from thence and burned to ashes, should I knowingly violate this my solemn obligation." The covenants, and vows and threats all work together to keep people in line. People are threatened that if they are not true to blood oaths that their signatures will turn to green and the Illuminati will know that they have been traitors. Even the American presidents are reported to be threatened with this type of threat. We knew our orders, and we were locked into obedience. All this is done to control people so that a great masterplan to enslave and rule the world can be carried out. The secrecy with control perpetuates Satan's conspiracy against God and His creation. And it is all cloaked so well behind mysteries, such as the Mystery Religions.

HYPNOTIC SURGERY After they stole our hearts away, and our faces away, and our identity away, and our real family away, and our own free will away, and our humanity away, they were kind enough to sew back into our chests black stones. They did all this surgery by hypnosis. They had the power via hypnosis to heal our wounds after they tortured us. They could basically make or remake reality to be what they wanted. Can the viewer see the dehumanization? Can the viewer get in touch with the crimes that accompany the trauma-based mind control? A picture is worth a thousand words. Does anything more need to be said?

[Ezekiel chapter 11 verses 17 through 20: Therefore say, Thus saith the Lord I AM; I will even gather you from the people, and assemble you out of the countries where ye have been scattered, and I will give you the land of Israel. And they shall come thither, and they shall take away all the detestable things thereof and all the abominations thereof from thence. And I will give them one heart, and I will put a new spirit within you; and I will take the stony heart out of their flesh, and will give them an heart of flesh: That they may walk in my statutes, and keep mine ordinances, and do them: and they shall be my people, and I will be their God.]

[Ezekiel chapter 36 verses 22 through 33:

Therefore say unto the house of Israel, Thus saith the Lord Yahuwah; I do not this for your sakes, O house of Israel, but for mine holy name's sake, which ye have profaned among the heathen, whither ye went. And I will sanctify my great name, which was profaned among the heathen, which ye have profaned in the midst of them; and the heathen shall know that I am Yahuwah, saith the Lord Yahuwah, when I shall be sanctified in you before their eyes. For I will take you from among the heathen, and gather you out of all

countries, and will bring you into your own land. Then will I sprinkle clean water upon you, and ye shall be clean: from all your filthiness, and from all your idols, will I cleanse you. A new heart also will I give you, and a new spirit will I put within you: and I will take away the stony heart out of your flesh, and I will give you an heart of flesh. And I will put my spirit within you, and cause you to walk in my statutes, and ye shall keep my judgments, and do them. And ye shall dwell in the land that I gave to your fathers; and ye shall be my people, and I will be your God. I will also save you from all your uncleannesses: and I will call for the corn, and will increase it, and lay no famine upon you. And I will multiply the fruit of the tree, and the increase of the field, that ye shall receive no more reproach of famine among the heathen. Then shall ye remember your own evil ways, and your doings that were not good, and shall lothe yourselves in your own sight for your iniquities and for your abominations. Not for your sakes do I this, saith the Lord I AM, be it known unto you: be ashamed and confounded for your own ways, O house of Israel. Thus saith the Lord Yahuwah; In the day that I shall have cleansed you from all your iniquities I will also cause you to dwell in the cities, and the wastes shall be builded.]

[John chapter 10 verses 27 through 30: My sheep hear my voice, and I know them, and they follow me: And I give unto them eternal life; and they shall never perish, neither shall any man pluck them out of my hand. My Father, which gave them me, is greater than all; and no man is able to pluck them out of my Father's hand. I and my Father are one.]

FROM CRADLE TO THE GRAVE We were brainwashed into believing that their power over us was from the cradle to the grave. We never thought outside of doing our Master's wishes. Before therapy our front alters had an inner feeling that things were wrong but were very limited in their

knowledge of the extensive abuse. Some of our front level alters (the front level had 97 alters identified by name, as well as some in boxes unnamed) were allowed to be abused by non-cult people to serve as cover for the obvious physical and emotional abuse our body had suffered. We were taught to follow our Master to the letter of the law. They taught us scripts to follow. Because they split our mind into Multiple Personalities at the tender age of 18 months, they had to give us scripts that a child could learn. Our System was set up as a big cube, 13 sections by 13 levels by 13 alters per family. This 3-D system was further tied together by color programming which added a fourth dimension. The fourth dimension, the color coding allowed them to tie together alters in widely separate locations in our cube-shaped System. From the mapping of our System, which we did with our closest friend, we believe that six of our sections had Bible words for access codes and five sections had occult words for access codes and the twelfth section had Texas geographic terms. The access codes involved more than just alpha-numeric cues for the deeper levels. There were also “keys”, which were important in accessing our System, and erasure codes. How did our mind build our System? The Queen alter of the fourth section had only one toy as a child. This toy was an army cup which telegraphed out. When looked from the top it looks like concentric rings which descend as one goes deeper. Our System was 13 concentric descending rings. This is exactly a copy of the universe which Plato and Pythagoras came up with. Plato and Pythagoras are important figures in the occult world. As this Queen alter spent hours playing with this cup, she reinforced the programming structure of the internal world. They physically displayed to our System as a child that we were their marionette puppet. They electro-shocked our muscles in such a way as to take advantage of the natural reflexes. When electro-shocked that way our body parts would jerk

out of our control at their whim to prove to us that we were their puppet. We remember the rules we were given, and rule number eight was that we were their puppet. Our programmer, Doctor Mengele, used puppets in a dollhouse as he programmed us. He did skits with his puppets. "Dance Marionette dance" [sic], he'd tell us. Along with rule number eight, we learned the following rules: One, Listen to your instructions. Two, There is no room for error. Three, "The Game Timer": these were the specifics of how to move, the melted mirror, etcetera. Four, There is a chain of command, the lung's men. Five, Our Master would chart our course. Six, We will receive orders, what to do, a memorized script to follow and fulfill. Seven, They would always own us into infinity. Eight, We are puppets on a string. "Dance Marionette dance." We were to speak only those words told to us, and to only speak those words when our string was pulled. Nine, There is no room for questions. Ten, The controller always plays the role of the White Rabbit. Our dark side alters knew these rules as part of their being. In the picture you see the fiddle in the background. Doctor Joseph Mengele (known as Doctor Green) carried a violin, which we saw during programming. He programmed us to respond to the key word "Fiddler". Dominoes, cards, keys, and Alice in Wonderland shown in the fabric were parts of our programming. After being deprogrammed we were threatened over the phone, "You know the law, you can either live by the laws that govern you, or you can die by the laws that govern you." I reveal this threat simply to underline or highlight the significance the laws are that are given to a System. Because obedience is so important in the military, some military generals and colonels who are involved with programming people have lost all sense of reality and justify and rationalize their criminal torture of innocent children as a necessary evil to get good soldiers and good spies. Monarch programming is the most hideous cruel form of slavery ever invented. It is

not enough to physically free oneself of one's abusers. To regain one's own mind, means to break down the amnesia and the walls that were meant to protect the mind. It means to suffer the trauma a second time as the memories surface and the body and mind suffer intense pain again. Monarch programming is not designed to create good obedient people. It is designed to dehumanize people into robots who will follow the letter of the law and love and worship their slave masters. According to what we have known, approximately one million Americans have suffered from trauma-based mind control since 1947. Today, the programmers do not know what they do, any more than their slaves.
