And hello everybody. You're live. It's Monday night.
Monday, August third, 2009.

[Excerpt]

Interesting that I was talking to Cisco Wheeler. I spent a long time talking to her yesterday. She's just one of the most brilliant people that I've ever met. Very, very intelligent. I haven't read her entire story. She's done interviews online. I know my website thewatcherfiles.com gets a lot of traffic from my 13 families of the Illuminati articles that I have on there. All that information is from Cisco Wheeler, who grew up in an Illuminati family. I spent a lot of time talking to her. I told her, I guess you could call it, my hesitation towards anybody that claims they are free that has come out of that family. I've had reservations for quite a few people who claim they are free and now go around speaking on interviews and things like that. She told me several things about her healing process that was enough to convince me that the Lord has healed her to where she is almost whole and that her story is completely

true. I told her at the time that I believed her, because I do. But I've heard so many things from so many people that have come out of the Illuminati that have experienced mind control and programming, that the things she was able to tell me of the experiences she had with the Lord during that time were things I had heard from other people. So I have no doubt in my mind that this woman is totally healed and one of these angels in the flesh that I talk about in my article Angels in the Flesh. You can read it at Sherrytalkradio.com at my articles page. Being sent here being born into an Illuminati family, and then with the work she is doing now, just totally being sent to be here in the last days to do exactly what she is doing now. And that's expose the Illuminati. I just love her to death. I'd love to have her on this show if I had the capability of having guests on the show. One of the interesting things is how we were able to talk and confirm things with each other. I had never had anybody so high up in the Illuminati that I could confirm things that the Lord has told me or things that I have learned that she could totally confirm. I just found it amazing. I think what amazes them equally, is the fact that what she stated was that my information is so dead on accurate, I think it amazes a lot of them that having no ties to the Illuminati myself, never having been brought up in that kind of a life, that the information that I have is so accurate. The Lord has been my source of info. The Lord has

always taught me Himself. I've set at His feet. HE pulled me into this alien agenda 10 years ago.

So it amazes me, as it does her, that the churches could be so blind to all these things that occultists already know. And when Christians try to wake up and warn the churches of what's going on, the Christians attack them. The Christians attack their watchmen and their prophets and call them crazy and call them liars and discredit and smear them. That's what they do. I just found it amazing.

Cisco has written a book Behold a White Horse. She says where she quoted all my serpent seedline material. I haven't read the book; I've ordered it so I can read it. She said she was going to write an entire section on the serpent line for that book, but when she sat down to write the book, the Lord brought her to my website, so she just quoted the stuff from my website. Why just reinvent the wheel? She has the same kind of attitude I have. If somebody else has already said it, I just use their material. Just totally amazed. I told her how much flack I get from the Christian community about the serpent seedline. It's just one of those things. One of the truths that our pastors work hard trying to bury so that the people can't recognize that Satan has a seed on earth. It keeps them in the dark. If you really can't figure

out what's going on around you, and make sense and put together the pieces of the puzzle why things are happening the way they do and where it's heading, then you're always in the dark. You're always clueless. You can't understand what is going on around you today because you don't know what your real history is. A lot of these seminaries that our church pastors come out of are all operated by Satanists.

The biggest and stupidest thing about Christians is that anybody who claims to be saved, they believe. "I'm saved!" and start quoting John 3:16. Just start quoting the Bible. Hitler loved the Bible. He used to quote it all the time; and so does Maitreya and so does Sananda and so does Lucifer. They love the Bible. They quote it all the time. And they know as soon as they start quoting it, the Christians go to sleep and accept them as being Christians. To make themselves more easily gullible and easy to be deceived. People need to get in and start reading the Bible for themselves and not leaving their growth or lack of what their knowledge is to the snakes leading the churches today.

We had a long conversation about how these Satanists infiltrate the churches. They have various ways of doing it. They'll start targeting women at young ages as wives so that these men can marry these religious women, get them set

up in churches, come in the back door as husbands so they can infiltrate the churches that way. They're very methodical in the things that they do. I've never looked at exactly how they do it over the long run. I've known for years, they'll come in to the Pentecostal churches because that seems to be the easiest and most gullible to infiltrate, because they can do the most damage there. I don't know how many people flock to Pentecostal meetings. Look at Benny Hinn, thousands. Kenneth Copeland, thousands. TBN, you mention a fire crusade or a fire ministry or a healing; everybody wants to be healed of something.

Everybody is aching and ailing of something and wants to be healed of something. So they go, believing they might be getting a healing for something. And they end up coming out of there worse than they went in. These pastors and people like Benny Hinn they put demons into people. They don't take them out of you. They don't deliver you from anything. They put demons into you and you're accepting it. One of the first things before they start probably has everybody ask for the Lord to come. "Jesus, come." I've told you that Jesus is not the name of the Son of God, it's Yahushuah. So Satan's Jesus comes. The one that's taken on the name of Jesus comes. They take on attributes of everything that there is. Demons will attach themselves to names, and things and emotions. That's why you have to be careful. I always say If you know His real Name Yahushuah,

then call Him by His real Name because Satan has this Jesus. And it's this Jesus that's coming to deceive the Christian crowd. This Maitreya is coming to deceive the Muslim crowd, at the same time he'll get the Buddhists, the Hindus and New Ager's. Billions of people just with Maitreya, then you have Jesus; the entire Christian crown deceived by him because he looks like the picture they've seen in the churches all these years. And that was just a Michelangelo depicting of Satan's general Jesus. The churches adopted that as the picture of their Jesus. It's just a mess, folks. It's just a mess.

Just a lot of things are coming up on the horizon. It seems like as time gets closer to a crunch, I keep learning more and more and more about how Satan's kingdom operates. Being able to put more and more pieces together. I've got an article on my website at thewatcherfiles.com called Agenda 21. You can Google this Agenda 21. It's the United Nations plan for the re-wilding of America. It includes other things.

What I thought interesting was that me and Cisco started talking about the Council of 21. The Council of 21 is the supreme council of how Satan rules over the earth. I've talked about this council. The New Agers want you to think that it's the Ashtar Command, if I remember right. The

Galactic Command, the Ashtar Command is the only council above the earth. Those are just ascended masters. I have them on my website at sherrytalkradio.com. They fly around in the Capricorn with Sananda. A cigar shaped ship. They can also be seen with Maitreya in his Shema star. It's also a habitation of theirs. The various pictures of who they are, they call themselves the ascended masters. Hatton and Saint Germaine and Maitreya and Jesus and a couple of others.

I want to talk about this council of 21. What it is is a tier structure. Seven layers of three people on each tier. I remember years ago, back doing research on lizards and reptilians. I've had my website up for ages. Learning that it was the white lizards that

were in charge. There were green lizards and there were white lizards. The white lizards were the very secretive lizards and no one ever saw them because they were the council; they were the ones in charge over the fallen angels on earth that were working with mankind to prepare the world for Satan's arrival, to institute the New World Order, to crash the economies. They're the ones who instigate and work behind the scenes on all this. All the politicians and the bankers around the world are under their control. So I knew about the white lizards. At the time, I had been told

that they lived in an underground city under a desert under Libya. I can remember learning from a Christian years ago, how real that the Star Wars series was. He was the one who had pointed out to me that there was an underground city, I can't remember the name of it, but it was located in the south tip of Egypt. The way southern part of the country, that there was a huge subterranean city under the earth right there. That whole Star Wars saga, you know where the planet is and the council meets? This was actually taken out of that underground city in Africa. Of course in the movies they make it look like it's a planet out in the atmosphere somewhere. This was actually a depiction of this huge subterranean city under the earth, under the southern part of Egypt. I thought that was interesting, and to me, I thought that was probably where this 21 Council rules from. Right out of this subterranean city in Africa. It could be located under the desert of Libya. It could just extend from one point to the other. Both Egypt and Libya are right there, together in Africa. Very interesting that it all kind of points over that way on where the location of this top tier structure of Satan's whole hierarchy of his kingdom. And of course, he sits above the council. He rules over the whole thing. It's like a pyramid type thing; even layers of three, and a mixture of humans and fallen angels (what I call reptiles) that rule on this council. So I found it very interesting, talking to Cisco Wheeler that Al Gore himself is

on this council; this tier structure. I don't know where he is on the ranking; I couldn't care less. They're all just freaks to me. There are 21 of them. I don't care where amongst they are, but interesting, because I've always said that Al Gore was the highest ranking alien in America on earth. He's very high ranking with the whole alien agenda. I put that up on my website omegansareliars.com, warning about Al Gore and what a lizard he is. Of course, Cisco confirmed that. And confirmed Cheney being soul-scalped. I talked about that two years ago on my show how Dick Cheney was soul-scalped and the person being totally gone. She was able to confirm that.

Also Obama, being a lizard. You've seen the stuff going around the internet about Obama being a clone of that pharaoh, and I've seen a couple of emails on that. You could probably get more info on that at Alex Jones' site, but that's true. His wife, his children and Obama all are cloned and groomed from the DNA of that pharaoh, according to Cisco Wheeler. That doesn't surprise me. You can usually tell in the Bible Codes what you are dealing with because when someone is empty, they are just a shell; it has nothing to say about them, because there is nothing there. No soul, no spirit, the person is just empty in a shell. That's how Obama comes up. Very interesting that Cisco confirmed that he has

been cloned from this Pharaoh DNA. And she knows how they work.

She told me that back when she was in the Illuminati as whatever job she did, her family was directly one of the 13, where she got all of her information, that at that time, they (the occult) had been trying to perfect the perfect receptacle, the perfect body so that Satan could come to earth and rule and have a body. That's what they were doing when she had left the Illuminati and sought pastors and churches for help and started going into healing. She was doing that for 25 years or whatever it took her to become whole again and healed from all of her torture and abuse. Fragmentations. When she had left, that's what they were working on; trying to find a body for Satan. Interesting, I was talking to her, "Well you know they cloned the body of Cain, and that's what this Maitreya has." This Maitreya; this world teacher that CNN keeps promoting, doesn't have a human body because he's a lizard, he's a tall grey alien, some call him a lizard. He needs a body. So they've been able to clone Cain. They found his body, I don't know how; I just see it in the Bible Codes all the time that this Maitreya that is coming is Cain. So I believe they have cloned his body and that's the receptacle that Satan is going to use. I guess it takes a special body to be able to hold Satan within

it. I don't know if it's because of his past, being an angel or whatever, but he can't just inhabit a normal human body very long. What happens is they die. They get destroyed or whatever. I find it interesting that they've found the receptacle they can use; the cloned body of Cain. It's this Maitreya that's coming in this cloned body of Cain. It kind of puts it all together for me in piecing the puzzle together.

It's the Antichrist and False Prophet who are cast into the Lake of Fire and Satan who is bound and cast into the abyss for a thousand years. So even though Maitreya isn't Lucifer himself, Lucifer can rule through Maitreya over the world. And that's what he's going to do. Lucifer himself will be bound and cast into the abyss for a thousand years while the Antichrist and False Prophet are chained and cast into the Lake of Fire for eternity. So there are three separate beings there; it's just that Satan would be allowed to access this cloned body of Cain and use it as he wants to through Maitreya. So it's going to be very interesting at that time.

A couple of comments from listeners.

Comment from a listener: The worldwide church of Satan in San Francisco is now completely surrounded by Orgone.

Sherry: (LOL) Very good. Glad to hear that.

Comment: Spiritual attacks are getting out of control in Los Angeles. Is this happening anywhere else?

Sherry: I live in Ohio and most of my audience is scattered around the world. Whenever you just think of L.A., it just seems like a nut place to all of us, so I don't know if that is new for your area. I don't mean to put down your area, but L.A. is the nut capitol of the world. I think a lot of places are getting stranger. I don't know what's particularly going on out in L.A., but I hear from people that are seeing a lot more people with the black beady eyes. Soulless beings have black beady eyes are the ones that are completely soul scalped. Even serpent seedlines have normal eyes. While talking to Cisco, she mentioned to me that a lot of these Illuminati children can be born without souls. She mentioned the Rothschild's in particular and that part of peoples jobs within the Illuminati are determining the babies born with or without them. I thought that was really wild. One of the characteristics of a person born without a soul is the black eyes. Another thing somebody made a comment on, I was reading about was people having sharpened teeth. I don't know what that's about, but

sharpened teeth and black eyes seem to be things are noticing more and more about people that we are sharing this earth with.

Comment from a listener: Doesn't it seem like the media is baiting us to get angry, get impulsive and get arrested?

Sherry: Yeah, that's one of their things to create chaos so they can implement martial law. I don't see what the point is. If the stuff that's happened over the last 1 15 years, the stuff that Clinton started, stuff Bush Jr. started and now stuff Obama is doing and it hasn't caused chaos yet in the streets, what's it going to take for people to get angry and riot in the streets and protest over something? There is always baiting going on. That's what I've warned people. Stay away from the groups and organizations and things that want to get you out in the streets and protest. They want to use that to be able to call in the troops and throw those people into martial law. The Lord has always told me to warn people to stay home.

Question from a listener: Hey Sherry, is the H1N1 virus a judgment from the Lord or is it a man-made virus?

Sherry: I'm really up in arms about that because when you read this stuff on the internet, they make it sound like is the manmade virus, the one the military put together. Then when I look in the Bible Codes I see that it's a plague from the Lord Himself. It's a judgment on them. I don't know if it's H1N1, but it has to be the same plague. How many plagues can we be talking about for right now? And they're mad about the Orgone. Especially because of this plague. So why would they be so mad about the Orgone. I always see that they're in a panic. One of the reasons they are meeting in Pittsburgh next month is because they are in a panic over the burning and falling stars. Plus they want to continue what they're doing in destroying all the countries economies. So that's why they're meeting much more frequently. At the same time they're trying to continue their agenda to destroy everyone's economies, they're burning out of the skies. Yeah, they're not meeting to help. They're patting each other on the back and deciding what else they need to do to continue to destroy your countries economy.

But yeah, the H1N1 Swine Flu, the Bird Flu, these are all just terms for judgment against the wicked. Against the aliens, fallen angels and serpent seedline, the chip implanted, the soul-scalped, the walked-in. Beings that aren't really human beings to begin with. Notice where this whole thing started -

in China. I've warned you how these Asian nations are serpent seedline nations. And that's where they started. And in Mexico; another serpent seedline nation. I also know how the Lord works, in that HE would allow it to happen and use humans to bring it about and allow it to come about, because HE would use it as one of HIS own judgments on mankind. I had talked about it before with Bird Flu, especially last fall when it started hitting as Bird Flu in China. I said it would die down for a while and come back with a vengeance. That's what this Swine Flu is. It's going to come back with a vengeance. Is it going to affect the Lord's people or just affect those who don't love and serve HIM? Very interesting.

Even if you're a citizen from a serpent seedline nation, that doesn't mean that you can't be saved. It doesn't mean that the Lord won't protect you from these judgments and plagues that are coming. The Lord will protect HIS people from the hand of the fowler and snare. HE will protect you. You have an opportunity to have HIS redemption. All these countries need to be looking to HIM for help and not their governments. They are just complicit in it. They're just going to get ready to start burying from the massive deaths that will be coming out of it.

Question from a listener: Sherry, do you think this national health care and the forced vaccinations have anything to do with the NWO plans for global depopulation?

Sherry: Yes, so course. It's all working together. They want to cleanse the earth, what they call "cleansing" of 5.5 billion people. We need to fight back just as equally hard and cleanse the wicked off the earth with our Orgone. I remember the Lord's ways are not man's ways. You don't need bullets and guns to fight back. We have spiritual warfare prayers and we have the Orgone. The horse riding. A bow without an arrow - unconventional weapons. That's not legislation; that unconventional weapons. A bow without an arrow. It's an unconventional weapon that can destroy. What is unconventional? Orgone. We are seeing the Orgone destroy the wicked, the aliens and the fallen angels. That is the horse riding on the earth right now. For those of you who have been sitting on the fence, you need to jump in, get involved and actually do something.

Question from a listener: Sherry, do you think the chemtrails are destroying the sylphs. I searched on the internet. What are your opinions on sylphs?

Sherry: I have codes on sylphs. That's their judgment. They keep our skies clean. That's why you'll see in chemtrailed areas; sylph clouds move in and eat away at the chemtrails. They're in judgment. They're forced to do that, so they do it. I have codes on it at hiddencodes.com. You can see my comments and my codes on sylphs.

They always have to start this. I don't have problems during the week, but at show time I can't get into my mails.

I wanted to make a comment. People have been asking me about Hal Turner and Alex Jones. I think I talked about Alex Jones last week. I know that somebody had sent me a thing stating the Alex Jones mentioned Orgone on his show last week. I thought that was really interesting because they must be getting bothered by it to even mention it. Of course his comment was that Orgone wouldn't protect or save anyone. Well, it's not going to protect people like him, but it will the Lord's people. Alex Jones has always been a big promoter of Ron Paul. You can read my codes on Ron Paul. He is working the lizard agenda. I started warning about him years ago when he was throwing his hat into the presidential race as a third party ticket. He's just another lizard. He plays the alien agenda. He's what they call a white

night in the New Age movement. Just certainly one to stay away from, are the white nights. Cynthia McKinney is a white knight. I'm sure they consider Alex Jones a white night. Tom Hennigan, they consider a white night. They work the alien/New Age agenda. That's what these white knights are; they work with the alien agenda. So that's Alex Jones game as far as I know it. Working the New Age/alien agenda while he denies they exist. Of course he doesn't want you to think the Orgone is working because it's effectively destroying them.

Another thing with Hal turner. I warned several years ago how he's just an agent provocateur. You can't be so extreme and not be government. Everyone knows how extreme he was on the internet. Instigating people to go hurt, kill people and burn down Congressman's houses. I've never listened to his show. I just heard about it from everybody else. Reading his blog and seeing how extreme he was. Then last year someone hacked into his account and found information that he had emails back and forth with his FBI handler. Revealing even then from a hacker, this hacker stating that he was an FBI informant. People were quick to forgive Hal. He put his website back up and went back to his usually shenanigans. Eventually he got arrested by the people that were supposed to be loyal to him and protect

him. Now he's sitting in prison somewhere. Now he's looking for help from the same people that he was throwing to the dogs earlier. If you sent Hal an email, "Hey Hal, keep going. I love your show. I love you, man. I'm gonna go to D.C. and protest, do this and do that," and all the while Hal was forwarding your name and contact info. The FBI can trace your IP address straight to your computer. He would forward all that to the FBI. "This guy agrees with me." "This group agrees with me." He would forward all that to the FBI so they could build up their database list for those who stand against the New World Order. You would be put on a list to target you for harassment, pick up during martial law when they start doing the red and blue lists for pickups. He would work for the government and help them build up their martial law lists, internment camp lists, betraying all the patriots and people who listened to his show, and turning them over to the FBI. So now he wants help from these very same people to fund his defense against the very FBI that now has him in jail. So very interesting. You can't say I didn't warn you years ago folks, on that one. Like I've said, I never personally listened to his show. There's a lot of shows I've never listened to. I've never listened to Alex Jones show. I've never listened to Coast to Coast.

I heard that George Noory had Benjamin Crème on the other night talking about Maitreya. I heard that he was confirming everything that I was saying about the Shema star. How it's Maitreya's. Of course he wasn't talking about how it was going to crash to the earth. I'll tell you that one. You got the inside scoop on that one. He pretty much admitted and confirmed everything I've already said about the whole charade, except they have their little spin on it.

Like Shema star being a signal that a great leader was going to arrive to arrive on the earth, just like the Bethlehem star signaled the birth of Jesus, the one they totally reject, mind you, that it would signal the arrival of the great world teacher onto the earth's scene, which is this supposed Maitreya. This 12th Imam. This Muslim Mahdi. You can go out every night and see this thing. It's brilliantly lit usually. Get to see it now while it's still somewhat medium or half way what it used to be. It's very low in the atmosphere; about 30 degrees. I'm in Ohio and it was south of me last night. Interesting, because my south is somebody else's north. I think on the west coast it's out there at about 2 o'clock in the morning. I don't know. This thing kind of moves around. It'll be here for a while and then leave for even days or weeks at a time. You can listen to the archives of my past shows.

So interesting that Benjamin Crème is hitting the road. CNN is starting their cheerleading of Maitreya again. "Call an 800 number; learn about the teacher to come", and all this crap and garbage. Of course you would expect it from the lizards to promote another one, so you'll see it on Larry King Live. Yeah, they started this last year during the campaign. They kindof quit for a while and now they're coming back with it.

Question from a listener: What if I make Orgone crystal blaster with smoky quartz crystal?

Sherry: Clear, quartz crystal is what we use. If it's all you have, and you're kindof stuck using smoky crystal, ask the Lord to remove all the impurities in it and to make it a clear, beautiful crystal. Otherwise, get clear crystals. You can ask the Lord for a miracle or just go and get some clear crystals.

Question from a listener: I'm trying to figure out if you are the real deal. There have been so many neutralizers in the past that have distracted us conservatives and sent us down the paths to our own destructions. Do you focus on destroying the liberal agenda or do the Bible Codes say to simply dig in and preserve ourselves?

Sherry: I'm not digging in and doing nothing. I'm not taking it to the liberal agenda; I'm taking it to Satan. That's what our focus should be. Satan is our enemy. Satan is our enemy. That might put liberals in that kind of a line because they seem to align with Satan more so. My war isn't against humans; my war is against Satan and his forces and the wickedness that controls from behind the scenes. That's where the Lord has me. By doing that we've got the Orgone and we've got spiritual warfare prayers that we go to war with. If you just want to sit around and attack the liberal agenda, that's fine. The Lord uses watchmen to alert everybody else to what Obama and his agenda are up to. We need those people. Everybody has a different calling. Your calling may not be my calling. I used to be a watchman too. I used to sound the alarms about George Bush up and down. I was kicked out of every Christian and religious list on the internet because I dared say that George Bush was a Satanist. Your own battle is going to be your own circle. Your own churches, the believers, the conservative crowds. Waking them up to the reality that those who profess to be Christians are Satanists. That's a job in itself. You can't do what I'm doing. Do what the Lord leads you to do. If HE puts you with me to do what I'm doing, then fine. But not everybody is called to be a warrior. Some people are prayer warriors. Some people just have different callings.

We're an army with different specialties, different areas and different callings for the Lord, but we should be able to act as a team as well. That's the bottom line. Conservatives fighting the liberal agenda, How good have we been the last 100 years fighting the liberal agenda?! How effective have we really been when the homosexuals have more of a say in Congress and getting more rights than any conservative on the planet is going to have? Interesting. I would think twice before I got on the bandwagon of conservatives verses liberals because we haven't been effective at all in 80 years.

Question from a listener: You mentioned that the Bible Codes mention Bohemian Grove. Can you tell us if their party was affected by the Orgone?

Sherry: I can't tell you that yet. The Lord hasn't shown me that yet. Probably will next month. HE tends to do things in retrospect. I do the same thing myself. When I Orgone an area or I go on a mission for the Lord, I talk about it a week or a month after I've already done it because I don't want to be hassled during the time that I'm doing it. HE may reveal it to me later; HE may not. It was a year or two after I had gone out and done all that work at Dulce Base before I started to see in the Codes how much destruction I had actually caused at Dulce Base. I can tell you that they are in

complete derision, folks. That's one of the reasons for this G-2 summit. They are in a panic over the Orgone. They are burning, their starships are falling. How much longer can they keep saying that meteorites are falling to the earth? They're in a panic over that. Yeah, pat yourselves on the back. We've done a great job. We've got Satan's kingdom on the run. They've got their backs up against the fence and they're in a panic.

Question from a listener: Do you think Oprah is a lizard since now she has her own New Age church?

Sherry: Yeah. I didn't get it confirmed from somebody that would know like Cisco. I don't think you really need a confirmation. I think she was walked in and soul-scalped a long time ago and the Oprah that we have now is not the Oprah that started out as Oprah. I think she was soul-scalped. Yeah, what we are looking at now is a lizard.

Question from a listener: I'm trying to search for Cisco Wheeler on the web. How do you spell Cisco Wheeler?

Sherry: Cisco Wheeler. And she also has books at Amazon.com. If you want to know the inner workings of the Illuminati, I would suggest her books. One of her books is

\$89, but they are excellent books. If you want to learn firsthand knowledge from someone who was there, someone who has been involved with the Illuminati, it would be Cisco Wheeler. She's just an amazing woman. I love her to death. And how many people have I said that about? (LOL) How many people have I ever said, usually when I get in contact with people it's a very slow process. They're lucky if I'll even talk on the phone to anybody, and I talked for five hours to Cisco Wheeler.

Question from a listener: What do you see in the Codes for October and November?

Sherry: I'm not looking ahead that far, but it seems like they will be pretty interesting, especially in Israel and Arabia with the ascended masters. If they do arrive in September, which I think the Shema star could crash this September, you just have to watch it. Go out and keep an eye on it. As soon as you see it turn dark yellow, that's when it'll crash. That's my belief. They've all been doing that. You'll see all these white starships, these fake stars in the sky, they portray themselves as stars, turn yellow and crash. I think the Shema will fall in the same steps as the others. It's going to turn yellow and crash. If so, then October and November will be very interesting because Satan will be on the earth at

that point. We'll know without a doubt that he's on the earth. It could be very interesting. I know it scares some people, but frankly I'm ready to go. I'd rather deal with knowing that Satan is on the earth and getting busy, than having to worry about vaccinations and checkpoints. We're going to have so many things to worry about folks, that, you just have to put it all in the Lords Hands and not worry. Just stand on His Word that HE said their pestilence and disease wouldn't harm us. Just stand on His Word.

Question from a listener: I was doing a study on Revelation 12. A revelation came to me. I think I know what it means when it says she gave birth to a son that will rule the nations with an iron scepter that it's talking about Yahushuah's 144,000.

Sherry: No, that's Israel giving birth to the Messiah, Yahushuah.

Question continues: It says that her child was snatched up to God and His throne. Do you think that's two-fold?

Sherry: I think that is Israel's child. When the Lord died and ascended up into Heaven. If you want to know where we are

in Revelation 12, I think I started in verse 7 last week. In the first part of that chapter, it talks about how Israel gave birth to the Messiah, Yahushuah. He came down, died on the cross and arose. From verse 7 on, speaking about Satan being cast out of heaven, the war being in heaven against Michael and his angels. That's where we are at. That part right there is symbolic being that Michael and his angels are a leader on earth and the warriors, the Lord's warriors going to war against Satan in the skies. That's exactly what's happening now with the Orgone. It permeates the atmosphere and is causing Satan's starships to crash to the earth. When the Shema crashes BOOM, it's on. The tribulation period will be officially on when that Shema star crashes. I find it exciting.

I was put here on earth to be here in the last days, directly from the House of David. To be here to lead the Lord's people in battle against Satan and his forces in the last days. And we've done a good job. It may have been slow. It's taken us longer than it should have because there are so few of us, but we got it done and we're continuing to do it. I couldn't be any more proud of the people that have stood up to stand with the Lord in these last days and just sock it to Satan. Sock it to him. Take down his kingdom. Go after it. Take down the strongholds of the New World Order. I

couldn't be any prouder because these people are doers. They aren't just talkers. They're prayers.

I get it all the time, "Are you the real deal? Who are you?" Why don't you just ask the Lord for Pete's sake? If Cisco Wheeler can take two seconds to ask the Lord if I am the real deal, can't anybody else? I've got the few over the years, the handfuls that have had enough cohunes to go to the Lord and ask, "Is she the real deal?" It doesn't take much to just ask Him instead of just wondering and going off and being led by the wrong people and getting involved in things the Lord doesn't want you to get involved in, like today's churchdom so you can be led further astray in apostasies instead of being prepared and active warriors in the things that are coming.

Like I've said, the Lord's ways are not man's ways. HE has us doing things differently than man would. We have no interest in guns, bullets and weapons. We have the weapons that the Lord has given us. HIS Orgone, Orgone water, spiritual warfare prayers that we can use to destroy their weapons, their planes and their computers. We've caused so much derision in their underground bases, above ground bases, in space, on the ground, and we've not used one conventional weapon in doing so.

Anyway, that's all I'm going to answer for tonight, folks. Hopefully I'll have more to say next week. For right now, for the month of August I'm not seeing a whole lot of exciting things, exciting to me. Maybe fear and trepidation to you! I'm not seeing anything. It seems kind of quiet. It may be prep month like June was. Remember when I said June was going to be quiet? That's how August looks. And the Lord isn't warning me of anything in particular either. Maybe HE will next week. Until then, you'll probably have a peaceful week.

I did send out an email warning to get ready for winter. It's going to be a brutal winter. If you're caught without heat, the first thing the government is going to do is round people up into massive locations so they can keep them warm should the electricity go down in whole cities. Then it just makes it easier for them to put you on a bus and take you to an internment camp. Stay away from government help services if there is a crisis. I'll talk more about that next week. In the meantime, you need to prepare to take care of yourself if there is no food, if there is no heat, no water. You need to have backups.

Anyway, I'll talk more about that next week.

Until next week everybody, Yah bless.
