SOUL TIES TO CHAKRAS

Note: The following refers to the body's energy centers known as chakras. It doesn't matter if you believe they exist or not. God created them just like he created your arm or leg. The enemy attacks them and since most don't believe they exist, the attack goes unchallenged and the damage will accumulate. Always divide the technology from the superstition. And never go looking for things or exploring outside of God's protection. Just understand they exist and protect them from the enemy. And learn the difference between physical, metaphysical and spiritual.

Cancel Satan's Plan in Your Life

Note: Satan has a plan for everyone's life, just as GOD has a plan for everyone's life. That plan has someone in charge of it and a lot of

Akashic Records

Note: While praying one night Sherry was led to believe that the forces of darkness use the Akashic records 13 database against people and that it would in fact be a good idea to remove oneself from it. It is quite possible that Lucifer himself is the owner of such a database, in mimicry of God. The author believes the following prayer accomplished that objective.

Father, in the name of Yahushuah Ha'Mashiak I break, crush, destroy and sever every soul tie, hook, link, connection, attachment and device from myself to the Akashic records and from the Akashic records back to myself, in Jesus Christ's name. Father, I ask you to remove, delete, purge and destroy all my records, images, thoughts, words and actions stored in this system as well as all duplicate copies, backup copies, emergency copies and extra copies stored anywhere in

creation, in Jesus Christ's name. Father, I ask you to totally remove me from every system, database, storage device, archive and library owned or operated by the forces of darkness and to prevent my information from being put back into those systems, in Jesus Christ's name I pray. Amen.

13 Akashic Records: A theosophical term referring to a universal filing system which records every occurring thought, word, and action. The records are impressed on a subtle substance called akasha (or Soniferous Ether). In Hindu mysticism this akasha is thought to be the primary principle of nature from which the other four natural principles, fire, air, earth, and water, are created. These five principles also represent the five senses of the human being. Some indicate the akashic records are similar to a Cosmic or collective consciousness. The records have been referred to by different names including the Cosmic Mind, the Universal Mind, the collective unconscious, or the collective subconscious. Others think the akashic records make clairvoyance and psychic perception possible.

Destroying a Coven

Disclaimer: The following information is made available to assist believers to resist the attacks of those individuals that have chosen the "left hand" path of the occult (black magic). You know who you are. This article is not an attack upon any group or individual that does not harm others. The response to this article by those that serve the dark

side is predictable. I am not responsible for any consequences to anyone as the result of any attack directed against my family or myself. (The real book of shadows declares that you shall not cast upon a child of the living God. You should obey your own religion.)

The following procedure has proven useful when being attacked by witchcraft from multiple targets (a coven, triad or other group). When dealing with occultists I have found two main ways to counter their attacks.

- Hard way: Whatever was sent to me would be returned to them multiplied by a factor of 1000, 100,000 or a million. After much experience I would now only do this in an emergency if the attacks were very damaging. The problem with this type of countermeasure is that the resources of the enemy are large and that they can attack you in a "swarm" and escalate the battle beyond what you may be able to take. Another problem is that the enemy still exists and the attacks just get bigger. It would be better if the enemy was eliminated and so the source of the attack would vanish.

- Soft Way: I believe that this is the more effective type of countermeasure. In this procedure we use spiritual warfare techniques to "disassemble" the attacking group and eliminate each

component individually. This takes more prayer, discernment and time; however, the end result is more effective and longer lasting. There are five main targets in this counter attack:

1. The strongman over the attack;
2. Whoever ordered the attack;
3. Whoever executed the attack;
4. Any machines or devices involved in the attack; and
5. The curse, spell or psychic attack itself.

When you are being attacked by those trapped in the occult, remember that they are not your enemy. These are human beings, with families, that also have wants and needs and that love, just like you do. They are trapped and ensnared in things that they never knew existed, and by the time they learned, it was almost too late. Many of

these people were born into families where they have been abused and/or subjected to mind control since early childhood. All practitioners of the occult suffer from soul fragmentation. After participation in their first initiation, their soul is fragmented and they aren't quite the same person as they were before that procedure. After each ritual less and less of the original soul remains and more and more of the enemy takes hold upon them.

God wants these people to be freed, just like He is freeing you. Your enemies are the entities that influence and control these occultists, whether grey alien, reptilian, draconian, demon, power, principality, world ruler or any other demon or life form. Occultists are a dime a dozen. Satanist, Wicca witch, Druid witch, Freemason or any member of any secret society or secret church, it doesn't matter. The demonic hierarchy is constantly recruiting new members and burning out and sacrificing old ones. Do not worry about their numbers. Just pray for whomever God puts in your path.

Occultists never win. You should be encouraged to remember that those who practice the occult arts to kill, hurt, influence or control others can never be victorious. Occult power comes from the demonic world and is limited in strength. An individual practitioner derives power and influence from the number and rank of demonic spirits that have come into them by way of casting spells, performing rituals and direct conjuring of demons. During this learning period soul

fragmentation gets worse and as time goes on very little of the original human being remains. This is true whether a person is born into an occult surrounding or whether they are trained by occult books and the demons contained within them.

An individual human body can only be subject to a certain amount of this abuse before it begins to break down and various diseases appear. By the time the practitioner realizes what is happening, it is too late. As time goes on they require more and more life force energy to keep the demons at bay. They are forced to steal this energy from other beings (animal and human) by the use of ritual and sacrifice. High-level initiates frequently utilize the techniques related to tantric yoga to steal energy from children during ritual. Eventually the practitioner is unable to obtain enough energy and they are taken over completely or destroyed.

The occultist has only two choices. They can attack you and they will be defeated and probably damaged in the fight. Or they can ignore you and search for easier prey. Also remember that you are soldier and it is your job to do whatever God tells you, nothing else. It is not your job to save the world by yourself or to compare yourself with any other person. Learn and study and God will put you to work. In contrast to this, the life of the believer in Yahushuah Ha'Mashiak has no such limitations or problems. Because of the shed blood of Jesus, the believer is spiritually at the same level as the creator of the

universe Himself! No enemy of any kind can ever defeat the believer. Every enemy of Jesus Christ was defeated when Jesus was resurrected over 2000 years ago. These enemies of Jesus Christ are just living on borrowed time.

It is clear to me that God gives his children complete victory over the enemy's attacks even so far as changing the very structure of space-time itself so that the enemy's devices will be brought to nothing. All we have to do is put the world behind us, stand forward, have faith in our Lord and determination in ourselves. Always remember that by praying for the enemy and helping turn them away from the dark side, you do massive damage to the kingdom of Satan. The results echo throughout the kingdom of darkness and do much to undermine Satan's authority and power.

SOUL TIES TO CHAKRAS

Note: The following refers to the body's energy centers known as chakras. It doesn't matter if you believe they exist or not. God created them just like he created your arm or leg. The enemy attacks them and since most don't believe they exist, the attack goes unchallenged and the damage will accumulate. Always divide the technology from the superstition. And never go looking for things or exploring outside of God's protection. Just understand they exist and protect them from the enemy. And learn the difference between physical, metaphysical and spiritual.

Cancel Satan's Plan in Your Life

Note: Satan has a plan for everyone's life, just as GOD has a plan for everyone's life. That plan has someone in charge of it and a lot of

subordinate spirits directing it. It is a very good idea to get rid of Satan's plan and substitute GOD's plan.

In the name of Yahushuah Ha'Mashiak, I bind, chain, muzzle, and cage the strongman over Satan's plan for my life and I toss him off his throne in Jesus Christ's name. Father I ask you to send angels to bind, chain, muzzle, and cage this strongman inside of boxes, inside of more boxes to 1,000,000 levels deep, with angels singing scripture to him night and day, in Jesus Christ's name. Father I ask you to send angels to guard that box so the demons cannot free him, in Jesus Christ's name. In Jesus Christ's name I bind, chain, muzzle, and cage all demons subordinate to the strongman over Satan's plan for my life. In Jesus Christ's name I cut you loose from all your assignments, I close every door that was opened to you and I cancel every legal hold and every legal ground that you have on me, in Jesus Christ's name. I command all demons subordinate to the strongman over Satan's plan for my life to leave now, in Jesus Christ's name. In Jesus Christ's name I bind, chain, muzzle, and cage all other spirits and entities under the command of the strongman over Satan's plan for my life. In Jesus Christ's name I cut you loose from all your assignments, I close every door that was opened to you and I cancel every legal hold and every legal ground that you have on me, in Jesus Christ's name. In Jesus Christ's name I loose you from all commands, controls, attachments,

mind control, programming, agreements, oaths and bonds to the strongman over Satan's plan for my life or any of his subordinates. I command all demons to go where Jesus wants you to go and I command all other entities to go home and never return, in Jesus Christ's name I pray. Amen.

Akashic Records

Note: While praying one night Sherry was led to believe that the forces of darkness use the Akashic records 13 database against people and that it would in fact be a good idea to remove oneself from it. It is quite possible that Lucifer himself is the owner of such a database, in mimicry of God. The author believes the following prayer accomplished that objective.

Father, in the name of Yahushuah Ha'Mashiak I break, crush, destroy and sever every soul tie, hook, link, connection, attachment and device from myself to the Akashic records and from the Akashic records back to myself, in Jesus Christ's name. Father, I ask you to remove, delete, purge and destroy all my records, images, thoughts, words and actions stored in this system as well as all duplicate copies, backup copies, emergency copies and extra copies stored anywhere in

creation, in Jesus Christ's name. Father, I ask you to totally remove me from every system, database, storage device, archive and library owned or operated by the forces of darkness and to prevent my information from being put back into those systems, in Jesus Christ's name I pray. Amen.

13 Akashic Records: A theosophical term referring to a universal filing system which records every occurring thought, word, and action. The records are impressed on a subtle substance called akasha (or Soniferous Ether). In Hindu mysticism this akasha is thought to be the primary principle of nature from which the other four natural principles, fire, air, earth, and water, are created. These five principles also represent the five senses of the human being. Some indicate the akashic records are similar to a Cosmic or collective consciousness. The records have been referred to by different names including the Cosmic Mind, the Universal Mind, the collective unconscious, or the collective subconscious. Others think the akashic records make clairvoyance and psychic perception possible.

Destroying a Coven

Disclaimer: The following information is made available to assist believers to resist the attacks of those individuals that have chosen the "left hand" path of the occult (black magic). You know who you are. This article is not an attack upon any group or individual that does not harm others. The response to this article by those that serve the dark

side is predictable. I am not responsible for any consequences to anyone as the result of any attack directed against my family or myself. (The real book of shadows declares that you shall not cast upon a child of the living God. You should obey your own religion.)

The following procedure has proven useful when being attacked by witchcraft from multiple targets (a coven, triad or other group). When dealing with occultists I have found two main ways to counter their attacks.

- Hard way: Whatever was sent to me would be returned to them multiplied by a factor of 1000, 100,000 or a million. After much experience I would now only do this in an emergency if the attacks were very damaging. The problem with this type of countermeasure is that the resources of the enemy are large and that they can attack you in a "swarm" and escalate the battle beyond what you may be able to take. Another problem is that the enemy still exists and the attacks just get bigger. It would be better if the enemy was eliminated and so the source of the attack would vanish.

- Soft Way: I believe that this is the more effective type of countermeasure. In this procedure we use spiritual warfare techniques to "disassemble" the attacking group and eliminate each

component individually. This takes more prayer, discernment and time; however, the end result is more effective and longer lasting. There are five main targets in this counter attack:

1. The strongman over the attack;
2. Whoever ordered the attack;
3. Whoever executed the attack;
4. Any machines or devices involved in the attack; and
5. The curse, spell or psychic attack itself.

When you are being attacked by those trapped in the occult, remember that they are not your enemy. These are human beings, with families, that also have wants and needs and that love, just like you do. They are trapped and ensnared in things that they never knew existed, and by the time they learned, it was almost too late. Many of

these people were born into families where they have been abused and/or subjected to mind control since early childhood. All practitioners of the occult suffer from soul fragmentation. After participation in their first initiation, their soul is fragmented and they aren't quite the same person as they were before that procedure. After each ritual less and less of the original soul remains and more and more of the enemy takes hold upon them.

God wants these people to be freed, just like He is freeing you. Your enemies are the entities that influence and control these occultists, whether grey alien, reptilian, draconian, demon, power, principality, world ruler or any other demon or life form. Occultists are a dime a dozen. Satanist, Wicca witch, Druid witch, Freemason or any member of any secret society or secret church, it doesn't matter. The demonic hierarchy is constantly recruiting new members and burning out and sacrificing old ones. Do not worry about their numbers. Just pray for whomever God puts in your path.

Occultists never win. You should be encouraged to remember that those who practice the occult arts to kill, hurt, influence or control others can never be victorious. Occult power comes from the demonic world and is limited in strength. An individual practitioner derives power and influence from the number and rank of demonic spirits that have come into them by way of casting spells, performing rituals and direct conjuring of demons. During this learning period soul

fragmentation gets worse and as time goes on very little of the original human being remains. This is true whether a person is born into an occult surrounding or whether they are trained by occult books and the demons contained within them.

An individual human body can only be subject to a certain amount of this abuse before it begins to break down and various diseases appear. By the time the practitioner realizes what is happening, it is too late. As time goes on they require more and more life force energy to keep the demons at bay. They are forced to steal this energy from other beings (animal and human) by the use of ritual and sacrifice. High-level initiates frequently utilize the techniques related to tantric yoga to steal energy from children during ritual. Eventually the practitioner is unable to obtain enough energy and they are taken over completely or destroyed.

The occultist has only two choices. They can attack you and they will be defeated and probably damaged in the fight. Or they can ignore you and search for easier prey. Also remember that you are soldier and it is your job to do whatever God tells you, nothing else. It is not your job to save the world by yourself or to compare yourself with any other person. Learn and study and God will put you to work. In contrast to this, the life of the believer in Yahushuah Ha'Mashiak has no such limitations or problems. Because of the shed blood of Jesus, the believer is spiritually at the same level as the creator of the

universe Himself! No enemy of any kind can ever defeat the believer. Every enemy of Jesus Christ was defeated when Jesus was resurrected over 2000 years ago. These enemies of Jesus Christ are just living on borrowed time.

It is clear to me that God gives his children complete victory over the enemy's attacks even so far as changing the very structure of space-time itself so that the enemy's devices will be brought to nothing. All we have to do is put the world behind us, stand forward, have faith in our Lord and determination in ourselves. Always remember that by praying for the enemy and helping turn them away from the dark side, you do massive damage to the kingdom of Satan. The results echo throughout the kingdom of darkness and do much to undermine Satan's authority and power.
