

Coyote's Law (one of many) - Before you grant any power to government, first imagine that power wielded by the politician you hate the most, because one day it will be.

California's More Egregious Bills Working Their Way Through the Legislature

AB659 - Strongly states 8th grade and college students are "expected" to have the HPV shot

AB665 - Allows removal of 12+ minors from home without parental consent

AB1090 - Allows 4/5 vote of county supervisors to remove an **elected** sheriff

ACA9 - Changes **elected** position of state school superintendent to appointment by governor

How to Track a California Bill

How to Give Feedback on California Bills

Check to see the latest status of the bills you are following. Note the committee chairperson and committee members. Email or call each of them to state your support or opposition. Be respectful. Check regularly to see if the status of the bill has changed due to amendments. Provide additional feedback on the current status. If the final text has passed out of the committee, contact your local assembly person and your senator to support or oppose the final version. Finally, follow through to see how they voted. Record it.

How to Find your California Representatives
